DETAILED ACTION

REASONS FOR ALLOWANCE

Claims 1-25 and 27-34 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose the combination of all the limitations recited; including the first flag structure is of a first thickness between the first side and a second side of the first flag structure, and the second side of the first flag structure opposing the first side; the second flag structure is of the first thickness between the first side and a second side of the second flag structure, the second side of the second flag structure opposing the first side; at least a portion of the structure is of a second thickness between a first side of the structure and the second side of the structure, the first side of the structure is generally parallel to the first side of the first flag structure and the first side of the second flag structure, and the second side of the structure is generally parallel to the second side of the first flag structure and the second side of the second flag structure, wherein the second thickness is less than the first thickness (claims 1, 23 and 27);

a second die, the second die being located with respect to the lead frame at a second die mounting location of the lead frame, the lead frame includes a third flag structure having a first side including at least a portion of the second die mounting location, wherein the lead frame includes a second structure connected to the first flag structure and to the third flag structure, the second structure including a second bend

Art Unit: 2814

portion, the second structure including at least a portion located between the first flag structure and the third flag structure (claims 18 and 33).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DiLinh Nguyen whose telephone number is (571) 272-1712. The examiner can normally be reached on 8:00AM - 6:00PM (M-F).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wael Fahmy can be reached on (571) 272-1705. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
